HERE'S WHY YOU'LL LOVE IT

From budget-friendly basics to bold styles made with performance fabrics, our apparel looks great, feels good and fits comfortably.

Along with expert branding, a little creativity and top-notch service, we deliver apparel that's got exactly the right look for your brand.

But the best thing about it?

This is apparel people love to wear.

8 T-SHIRTS & ACTIVE TOPS

26 POLOS

54 FLEECE & KNITS

90 SHIRTS

102 JACKETS

142 HEADWEAR & ACCESSORIES

DECORATION? YOU'VE GOT OPTIONS

Take a great style and make it your own with one of our six unique decoration methods. Whether you want to keep it simple or are looking for something bolder, we'll help you create the right look with a method and imprint location that work for your brand.

DEBOSS

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.

- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

TRUE EDGE™ TRANSFER

This cutting edge heat transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

SCREENPRINT

Time tested decoration method that enables vibrant and durable graphics on virtually any material.

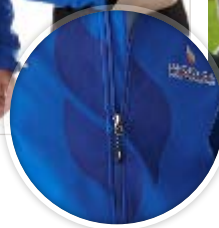

- Economic choice for large multi coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

Introducing high definition decoration

HXD

A unique decoration method that gives an added dimension to your logo, by making it stand out subtly on the apparel surface.

- Unique decoration method
- Add dimension to a logo
- Perceived value of Embroidery combined with colour range and detail of True Edge Transfer
- Durable
- Available for a wide range of garments
- Max print area: 100 x 75 mm

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

LASER ENGRAVING

Laser can be applied at virtually any location.

- Smooth, glossy finish
- Unlimited washability
- Best on mid-range colours

INFUSION™

Infuses your logo into the fabric creating an untouchable decoration with razor sharp detail.

- Razor sharp with higher resolution
- Offers a comfortable, breathable decoration
- Untouchable
- Offers unlimited colours for one set up

BUILT FOR BRANDING INSIDE AND OUT

Our apparel is designed to showcase your brand in a whole new way, with unique imprint locations on both the outside and the inside of the garments.

STANDARD LOCATIONS IN PLACES YOU'D NEVER EXPECT

Want a look as unique as your brand? With so many different ways to amplify your identity, we'll help you create a piece with retail quality branding.

**DESIGNED FOR
DECORATION
TO SHOWCASE
YOUR BRAND**

**MAKE IT
YOURS,
INSIDE
AND OUT.**

YOUR BRAND, ALL THE WAY DOWN TO THE LABEL

We've introduced a select group of styles that have a tagless label to feature your logo. Along with our typical low minimum order quantities, creating a custom collection is easier and more affordable than ever.

PRODUCT ENGINEERED FOR CUSTOM INTERIOR BRANDING

BRANDING THAT GOES BEYOND YOUR LOGO

Nobody offers more standard imprint locations – front, back, hip, shoulders, sleeves and even inside. By mixing and matching, you can create and transform the garment into a truly unique piece that sets your brand apart.

BUILT FOR BRANDING

We don't just put a lot of thought into how a garment looks. We also design it to give you plenty of options for branding, allowing you to create the perfect look.

NEXT-GEN APPAREL

Technology is a big part of our everyday lives. We design apparel that accommodates yours while incorporating some of our own. Whether it's a beanie or cap with a built-in LED or a jacket with a special interior phone pocket, we create innovative apparel that's in sync with your lifestyle.

BRING NEW VISIBILITY TO YOUR BRAND

When you are outdoors at night or in cool conditions, a reflective jacket can not only keep the chill off, but reflects and projects light so that you and your brand can be seen at all times.

BRIGHT IDEA

A built-in LED has all kinds of benefits - from finding your keys in the dark to being more visible during an evening walk.

LEDs

LEDs bring greater visibility to your apparel and your brand.

ECHOHEAT™

Thermal reflective jacket technology that keeps you warm without the bulk.

EARBUD PORTS

Ports and cord guides inside jackets for listening to music from your phone.

WEATHER

Cutting-edge fabrication for comfort in cold, wet weather.

THERMAL REFLECTIVE TECHNOLOGY

ECHOHEAT™ delivers warmth and superior regulation of body temperature. The thermal technology regulates your temperature by reflecting and retaining heat.

EYE-CATCHING PATTERN.

The ECHOHEAT™ lining has a honeycomb pattern with a tech-centric look.

LED ZIPPER.

A fun - and functional - addition. Featured on the Silverton packable insulated jacket.

webtech™ 

STAY COOL WHEN IT'S HOT

Moisture management is achieved at the yarn stage, where the micro-fine yarns create a capillary action to channel sweat away.

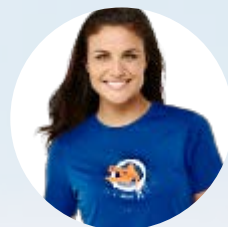

WICKING

EVAPORATE

BREATHABLE

THE USE OF ORGANIC FABRICS

Ringspun cotton is made of softer fibres which makes the fabric more durable and lasts longer than their regular counterparts.

BUILT FOR BRANDING

Branding methods like True Edge™ Transfer, inFusion, Screenprint, Deboss or Laser Engraving won't affect the comfort or body feel of lightweight garments.

5 AND 6 PANEL CAPS

5 panel: Front crown panel is one full piece and dented at the top for shaping but does not have a centre front seam. This shape is ideal for alternative decoration options like heat transfer.

6 panel: The crown is constructed with 6 panels, meaning it has a centre front seam.

BRIGHT IDEA

A built-in LED has all kinds of benefits - from finding your keys in the dark to being more visible during an evening walk. The Elena 5 panel cap and Lucina beanie feature this built-in LED.

BUILT FOR BRANDING

We don't just put a lot of thought into how a garment looks. We also design it to give you plenty of options for branding, allowing you to create the perfect look.

BASIC COTTON

COMPLIANCE IS JUST THE START

Protecting your organisation's reputation and looking after your people means always being vigilant about the purchases you make. The items offered in this catalogue are compliant with relevant European law.

Our supplier company strongly believes in good corporate citizenship through product compliance and a sustainable supply chain. They operate a voluntary programme to meet social, legal, ethical and economic responsibilities and are committed to driving real change towards sustainable development.

This means that when you purchase products from us, you can do so with the reassurance they have been produced in line with a Code of Conduct based on the UN Global Compact principles regarding human rights, labour, environment and anti-corruption, which includes a strict zero-tolerance policy towards child-labour and forced labour.

SERIOUS ABOUT SUSTAINABILITY

Our supplier is highly conscious of how their operations impact the environment and is committed to sustainable practices. The decoration facility where your items get personalised is certified to ISO 14001, showing that ecological concerns are taken very seriously in the overall production process.

Tangible results in sustainable printing have already been realised here. Investments and implementations in 2016 reduced ink waste by 40% and drastically cut down on the amount of chemicals used for cleaning. All of which goes a long way to ensuring your promotional products and apparel enhance your reputation without destroying the world around us.

ICON INDEX

Moisture management is achieved at the Yarn stage, where the microfine yarns create a capillary action to channel sweat away.

Unique yarns or fabric finishes that transport moisture to the outer surface.

Integrated hood that can be folded and stowed away in the collar.

Stay warm and feel comfortable with a breathable insulated membrane, and resistance barrier to extreme elements.

Seam sealed: Permanently covering the inner seams with waterproof tape for long lasting waterproof protection.

Fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

Fabric is engineered to prevent snagging.

Fabric surface is treated to repel water.

A special finish used on fabrics that prevents wrinkling even after frequent washing.

Products allow moisture to escape from the body.

Protect yourself from wind and rain. This technology offers complete comfort in a variety of conditions.

YKK® zipper used in the garment. YKK® is the world's leading zipper brand and represents high quality.

Products made of waterproof materials to keep moisture out.

Fabric content provides stretch allowing for a more comfortable fit.

Not too tight. Not too loose. Classic cut that follows the shape of the body with ease of movement.

The product's ability to block cold air flow from permeating the fabric.

Fabric finishes are used to resist moisture penetration.

Generous cut with added ease allowing for loose comfort.

Product provides protection from UV rays. UPF value represents the fractional amount of sun's harmful UV rays that pass through a fabric.

Product helps prevent wind from penetrating.

More fitted waistline and an overall tighter fit, which accentuates the body shape.

The skilful blending of natural and man-made yarns results in fabrics that have easy care properties.

Inside opening for easy decoration access.

Slightly looser than the regular fit for added comfort.

Unique finish that controls bacteria growth, prevents odours and maintains garment freshness.

Integrated hood.

This product meets the standard of Industrial Laundry ISO 15797.

Three materials of different characteristics are joined together creating a composite fabric with superior performance.

Hood that can be removed.

Product engineered for custom interior branding.
