BRINGING BRANDS TO LIFE THROUGH CAREFULLY DESIGNED, MORE SUSTAINABLE AND CUSTOMISABLE PRODUCT MEDIA

Welcome to the 2026 catalogue – a carefully curated selection of nearly 1,000 products. Here you'll find new arrivals, must-haves, and your favourite bestsellers, designed to showcase our products and to inspire you.

The assortment covers a wide spectrum – from affordable essentials to premium retail brands. No matter the budget, there is always a product that fits. From reliable, budget-friendly products in the Good range, to the Better selection with the perfect balance of price and quality, and finally the Best range, featuring premium brands and exclusive, high-end products – you can always find the right match for any project.

Sustainability guides how products are designed and sourced. We are gradually replacing virgin fossil-based plastics with recycled alternatives and expanding certified collections with certifications such as OCS or blockchain traceability such as Aware™. Our goal is to increase material transparency and traceability, while improving working conditions across our supply chain.

AWARE™

Let's move forward »
to a lower impact

A close eye is kept on trends to ensure products remain fresh and relevant. In apparel, fabrics like corduroy, seasonal colours such as sandstone and heather green, and unisex designs keep collections current. Drinkware follows lifestyle trends too: insulated bottles, oversized tumblers, and single-wall stainless steel bottles in new colours offer both style and function.

Across the collection we also focus on consistency. Within categories, we strive to offer multiple products, that share the same quality, materials, and colours. This allows you to combine different items into one set without colour or quality deviations – perfect for creating a coherent look. Examples include our bag ranges, such as the Turner and Puffer series.

Customisation brings every product to life. Different materials demand different techniques. More sustainable printing methods such as DTF allow vibrant, detailed results across multiple materials. Combining high-quality finishes with a lower environmental impact. With the Create Your Own programme, you can go even further – custom materials, unique PMS colours, special accessories, or finishes – bringing your vision to reality.

This catalogue is more than a product guide. It's a tool for inspiration: browse, save favourites, share with colleagues or clients, and discover possibilities for every budget.

COLOURS THAT BRING A BRAND TO LIFE

Colours are powerful storytellers – they shape moods, spark emotions, and help a brand stand out. Today's trending palette blends warm, earthy shades like Brick, Oatmeal and Sandstone with calming tones such as Hale Blue and Ocean Blue, fresh greens like Heather and Forest, and the playful softness of Lilac.

THE WASHED COLLECTION
UNIQUE FINISH, BOLD CHARACTER

Following the latest trend in casual, lived-in style, we present a selection of washed items that bring character and individuality to promotional clothing. What makes these pieces special is the unique acid wash treatment they undergo. Gentle bleaching and dyeing create subtle colour nuances – lighter and darker areas that give each piece a distinctive, lived-in look. The result, a soft, familiar fabric with a bold, individual character.

Every item can be personalised with a logo, making it a unique, branded piece that stands out while staying comfortable and stylish.

AN IDEA BORN FROM THE MOST BASIC HUMAN NEED

CamelBak was established in 1989 after the company's founder made a prototype using an IV bag of water and a tube sock, inventing the first hands free hydration solution designed especially for cyclists needs. A lot has changed since then, except Camelbak's thirst for innovation and quality. Today CamelBak is a household name and market leader in the hydration category with a wide range of drinkware products.

STANLEY

BUILT FOR LIFE.

The Stanley brand has a rich 100+ year history. Born from inventor William Stanley Jr. who forever changed the way hot drinks were consumed, in 1913 he fused vacuum insulation and the strength of steel in one portable bottle, inventing the all-steel vacuum bottle we know and love today. In the century since, his vacuum bottle evolved from concept to icon and has become an essential part of workdays, road trips and outdoor adventures.

ENDLESS POSSIBILITIES ON EVERY BUDGET

No matter the budget, we make sure there's always something to match your needs. That's why our assortment is built around the idea of **Good**, **Better** and **Best**.

In the **Good** range, you'll discover affordable, entry-level products that are reliable and easy to use – perfect when you need practical, budget-friendly choices.

Think of the Orlando conference bag; made from durable polyester with a zippered main compartment and pen loop, offering just the right space for A4 documents – a simple, effective choice for any event.

Our **Better** selection offers the sweet spot between price and performance. These products give you that extra touch of quality and design, while still being great value for money.

For example, our Oxford 15.6" slim laptop briefcase combines style and functionality, featuring smart organisation, a detachable shoulder strap and trolley sleeve – ideal for everyday business use.

If you're looking for something truly premium, our **Best** range delivers exclusive products from well-known brands. These are the high-end choices that stand out, such as the Case Logic Invigo 15.6" Recycled Laptop Bag – a stylish bag made from recycled materials, offering excellent protection and smart organisation for your laptop and essentials.

Through the **Good–Better–Best** structure, you'll always find the right bag for every budget and purpose – from functional everyday styles to premium designs that stand out.

BACKPACKS

ANYWHERE IT MAY TAKE YOU

For almost 40 years, Case Logic has developed and designed great bags and cases for handheld electronic devices. Beginning with just two audiocassette storage cases, they helped to create and expand the growing field of audio storage. Music may have changed, technology has evolved, and the word “mobile” has taken on a whole new meaning.

With products such as laptop bags, daypacks for school, university and work, tablet cases, laptop sleeves and camera bags, they balance performance and style for a mobile life in an urban environment.

For 135 years Parker has continuously built upon a legacy of craftsmanship and quality, making the Parker name synonymous with excellence in Fine Writing.

Parker has always believed that all great things take time. This ethos began in 1888 with the dream of a 25-year-old entrepreneur, the brand's founder, George Safford Parker, who stated, 'it will always be possible to make a better pen'. This philosophy is well embodied with the Parker Jotter pen. After nine years spent perfecting the research and technology, the iconic Jotter was launched in January 1954. The Parker Jotter has become one of the world's most iconic pens and is still to this day renowned for its style, reliability and functionality, down to its signature click. It has been the everyday writing instrument of choice for generations and remains relevant to the modern consumer 65 years on.
