CAR, TOOLS & TORCHES

Welcome

This Winter we bring you an inspiring collection with emphasis on customisable gift(box)s and true, proven sustainability. This combination is spot on the growing trends in society and the industry for the past years. As always, you can rely on us for sustainable, stylish, practical and commercial products. With this collection we want to inform and inspire and have an answer to all gift questions you may have. Start your search now!

Gift boxes that will WOW!

Create your own customised gift box from scratch

Minimum order quantity just 25 boxes

MYBOXD

Example box

Stay Healthy

Plant wholesale company Futura keeps employees happy and motivated. They just started a fitness challenge.

All 48 staff received a giftbox at home with login to the challenge and an activity tracker & earbuds to help with the daily fitness routines.

P330.791
Stay Healthy Bracelet Thermometer

Customisation:

- Logo CO2 engraving on bracelet
- Custom sleeve

P329.011
Liberty wireless earbuds in charging case

Customisation:

- Logo Pad Print on charging case
- Custom sleeve

Extra personal:
A personalised A4 sized letter added to the customised giftbox

This gift box is created to inspire you. A gift set is available for every target group. For every budget. For any occasion.

MYBOXD

How it works

Choose your item(s)

1

Add your decoration

2

Choose individual print
(on 1 item)

3

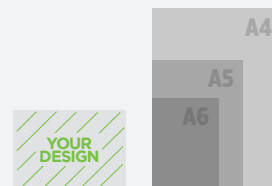

Add a customised sleeve
around the product boxes

4

Design your own gift box

5

Add a personal note
(A4, A5 or A6)

6

Individual Home Delivery

7

MYBOXD

Add-ons

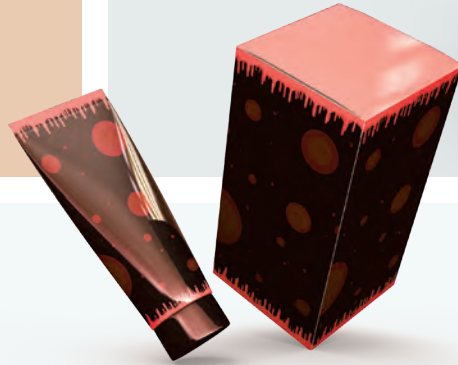

Additional service

Add it

You have created the perfect giftbox, but you want to add something extra in there which is not in our standard collection, like some chocolate or your own brochure.

No problem, we can add this to your giftbox if you supply these goods to our printing facility.

This will make your giftbox even more personal. Contact us for the do's and don't's.

We are here for you to provide alternative options for products, personalisation and prices.

The true story of recycled materials

AWARE
THE TRUE STORY OF RECYCLED FABRICS

**Don't trust what is ON
the product but what
is IN the product**

How?

By using AWARE™ **tracer** &
blockchain technology

Stop greenwashing!

For each product sold we will **donate 2%** of proceeds to support **Water.org** to change lives with safe water.

Total savings

128.530.893

Litres of water already saved since 2020

9.037.479

Re-used water bottles since 2020

The calculated water saving indication is based on reliable LCA data as published by Textile Exchange in their Material Snapshot 2016. Water savings are based on figures when compared to conventional fibre.

Why do we want to make an impact on water?

Water is a worldwide issue from the melting Arctic to dried outlands and the consequences are found all over the world. By 2025 50% of world's population will experience so called 'water stress'; Having to deal with a lack of sufficient and ready to use water. Water is a very tangible subject.

YOU can save litres of water with your order!

Total saving example:

Order quantity	Litre water saving per *product	Total water saving
500 pc.	1.200 L	600.000 L

*Example based on item Impact AWARE™ Recycled cotton tote (P762.543)

Why wait?

Join us in saving millions of litres water **NOW!**

Certified Recycled Tech

The Recycled Claim Standard is an international, voluntary standard that sets requirements for third-party certification of recycled input and chain of custody. The shared goal of the standards is to increase the use of recycled materials.

Why do you need RCS certification for items

This certification ensures that the identity of the recycled materials is maintained: from the recycler to the final product.

When is RCS applied to an item?

RCS is the standard used when part of a product, but not the entire product has been made from recycled materials.

Who makes the RCS certificate

The RCS certification is made by an appointed third party who has no business relation with anyone involved in the production chain of the product.

For more information about RCS visit the global union website:

www.certifications.controlunion.com/en

Tempered glass

A top notch way of branding. Tempered glass gives a striking effect and makes brands and logos even more memorable.

Because the glass is printed on the inside, the print is protected against wear and tear so that your logo or message will be clearly visible throughout the lifecycle of the article.

Arctic Magnetic 10W wireless charging phone stand

Just click it.

MagSafe™ is a new way of charging your mobile phone (iPhone 12 and up) by clicking the charger on the back of your phone. Both the phone and the charger have multiple magnets inside.

What is MagSafe™?

MagSafe™ is a new charging technology for iPhone 12 and up.

MagSafe™ allows you to attach chargers and accessories to your iPhone by simply clicking it on the back of your phone.

How does MagSafe™ work?

Both your iPhone 12 and the MagSafe™ charger/accessories have integrated magnets to make sure of perfect alignment and strong adhesion.

Our accessories come with high quality N52 magnets that ensure this strong adhesion. Avoid using accessories that don't use N52 magnets.

Why do I need MagSafe™.

MagSafe™ accessories provide the user with a new user experience and take charging and accessories to the next level.

The optimal alignment assures the right charging position at all times. In the future more and more accessories will be compatible with MagSafe™ creating a new charging and accessories eco system.

Permanent antibacterial product protection with Biomaster

How does Biomaster work?

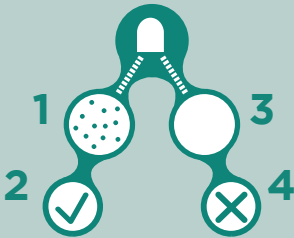

1. Biomaster **binds** to the cell wall **disrupting growth**
2. The Biomaster ions **interfere** with enzyme production **stopping the cell producing energy**
3. Biomaster **interrupts** the cell's DNA **preventing replication**

Verimaster is the fail-safe solution to your product verification requirements

Verification

1. Sensor identifies **Verimaster particles** are present...
2. The product is **genuine** and **correctly manufactured**
3. Sensor **can't find Verimaster particles...**
4. The product is **fake**, or has **been corrupted**

FAQS about Biomaster

How effective is Biomaster?

Very. Biomaster is proven to inhibit the growth of bacteria by up to 99.99%.

Is Biomaster safe?

Yes. It is based on silver ion technology, recognised for centuries with no harmful effects. Biomaster is used in medical, food and water applications.

What's the difference between antimicrobial and antibacterial?

An antimicrobial inhibits the growth of, or destroys harmful micro-organisms such as bacteria, fungi and moulds. An antibacterial specifically prevents the growth of bacteria.

Has Biomaster been tested?

Yes, repeatedly. Biomaster is tested to ISO standards. We also undertake on-going quality control tests and environmental trials.

How long is Biomaster effective for?

Biomaster is effective for the intended lifetime of the product it's added to. It is built into the product and doesn't wear off or leak out.

Does Biomaster adversely affect a product in any way?

No. You can't see, smell or even taste Biomaster.

Is Biomaster effective against antibiotic-resistant bacteria?

Yes. Biomaster has been proven to be effective to antibiotic-resistant bacteria such as resistant Staphylococcus aureus (MRSA) and Vancomycin-resistant Enterococcus (VRE).
